STATEMENT FOR PETITION FOR REVIVAL

Cantor Colburn LLP, outside counsel for General Electric (hereinafter GE; assignee of the above-mentioned application), respectfully petitions for revival of the above-identified application under 37 C.F.R. §1.137(a). The application went abandoned due to the non-response to the Office Action dated 2/14/02 (hereinafter Office Action) prepared by Examiner V. Hoke. Cantor Colburn LLP is confident that it can show that the entire delay from the due date for the Office Action until the filing of this petition was unavoidable.

On July 23, 2001 Cantor Colburn LLP mailed a Change of Correspondence Address form, accompanied by a Power of Attorney, changing the correspondence address of the above-mentioned application from GE to customer number 23413 (Cantor Colburn LLP). A postcard stamped by the PTO on July 25, 2001 acknowledged receipt of the Change in Correspondence Address form (see photocopy of postcard attached). As of this date, no correspondence regarding the present application has ever been received by Cantor Colburn LLP from the PTO.

It is standard practice at Cantor Colburn LLP for the docketing clerk to direct received mail to the appropriate administrative assistant. The administrative assistant enters any actions due and notes documents received in an electronic docketing system.

(08CN8764-7)

Once the information has been entered, the document is filed in the appropriate application. From the docketing system, monthly reports are prepared to monitor which cases have actions due and to ensure responses are timely filed. Had Cantor Colburn LLP received the Office Action, the standard protocol outlined previously would have been applied. The Office Action would have been responded to in a timely fashion and the application would not have gone abandoned.

With respect to the above-identified application, the Office Action that was not responded to and which resulted in the abandonment of the application is dated *over six months* from the receipt of the Change in Correspondence form at the PTO. When the Office Action was sent by the PTO, it was addressed and mailed to GE rather than to the address of Cantor Colburn LLP. Cantor Colburn LLP did not receive a copy of the Office Action, nor was its existence made known until a phone call from Examiner Szekely was received on 9/27/02 by a staff member of Cantor Colburn LLP. Examiner Szekely was calling to determine why the Office Action dated 2/14/02 was not responded to. In a telephonic interview on 9/30/02, Examiner Szekely informed Patricia DeSimone, a Cantor Colburn patent agent, that the application was going to go abandoned. A Notice of Abandonment was sent by Examiner Szekely on 10/4/02. Aware of the imminent receipt of the Notice of Abandonment, Cantor Colburn LLP searched for it in the incoming mail. In addition, GE was contacted by Cantor Colburn LLP on a regular basis to determine if they had received the Notice. Again the Notice was addressed and mailed to GE and not to Cantor Colburn LLP.

Wanting to dispose of the matter in a timely fashion, Cantor Colburn LLP prepared a response to the Office Action, as is required for the current petition. Due to the complexity of the rejections and objections of Examiner Hoke's Office Action, the response required considerable time. The Office Action contained 35 U.S.C 112, second paragraph rejections for numerous claims; objections to three claims under 37 C.F.R. 1.75(b); rejections for six claims under 35 U.S.C 102(b); and numerous 35 U.S.C 103(a) rejections based on twelve references. To adequately respond to all of the rejections and objections, considerable time was expended between the time of abandonment and the filing of this petition.

THE STAMP OF THE PATENT OFFICE, PLACED HEREON, ACKNOWLEDGES RECEIPT OF:

Cantor Colburn LLP respectfully contends that if it had received mail directly from the PTO regarding the application, the application would not have gone abandoned. The PTO, unfortunately, continuously failed to send the correspondence to the correct address even after *over a year* had passed from the filing of the Change in Correspondence form. Therefore, the entire delay from the due date for the Office Action until the filing of this petition was unavoidable.

Considering that Cantor Colburn LLP was not aware of the Office Action until September of 2002 and the complexity of the Office Action required considerable time for a proper response, the entire delay in filing the required reply from the due date for the Office Action until the filing of a grantable petition under 37 C.F.R. §1.137(a) was unavoidable. Attached you will find a reply to the Office Action dated 2/14/02. Granting of the Petition to Revive is respectfully requested.

Please charge the petition fee of \$110.00 to Deposit Account No. 07-0862. If there are any additional charges with respect to this Petition or otherwise please charge them to Deposit Account No. 07-0862 maintained by Assignee.

Respectfully submitted,

CANTOR COLBURN LLP
